IBM ASSIGNMENT - 4

TEAM ID : PNT2022TMID50618

NAME : S. Sankareshni

ROLL NO : 952819106024

1.Write Code and connections in wokwi for ultrasonic sensor. whatever distance is less than 100 cms send "Alert" to ibm cloud aand display in device recent events.

Solution:

```
//Pins

const int TRIG_PIN = 7 ; const

int ECHO_PIN = 8;

//Anything over 400 cm (23200 us pulse) is "out of range" const

 unsigned int MAX_DIST = 23200;

void setup() {

// The Trigger pin will tell the sensor to range find

 Pin Mode(TRIG_PIN, OUTPUT); digital

Write(TRIG_PIN, LOW);

//Set Echo pin as input to measure the duration of

 //pulses coming back from the distance sensor

pinMode(ECHO_PIN, INPUT ) ;
```

```arduino
// We'll use the serial monitor to view the sensor output
Serial.begin(9600);
}
void loop() { unsigned
long t1; unsigned
long t2;
unsigned long pulse_width;
float cm; float inches;
// Hold the trigger pin high for at least 10 us
digitalWrite(TRIG_PIN, HIGH);
delayMicroseconds(10); digitalWrite(TRIG_PIN,
LOW);

// Wait for pulse on echo pin
while (digitalRead( ECHO_PIN )==0 );

// Measure how long the echo pin was held high (pulse width)
 // Note: the micros() counter will overflow after-70 min t1=
 micros (); while (digitalRead(ECHO_PIN) == 1);
   t2= micros ();
   pulse_width = t2-t1;

// Calculate distance in centimeters and inches. The constants
//are found in the datasheet, and calculated from the assumed speed
// of sound in air at sea level (- 340m/s)
cm=pulse_Width / 58 ; inches =
pulse_width/148.0;

// Print out results if
(pulse_width >MAX _ DIST ){
```
```
Serial.println("Out of range");
} else {
Serial.println("****************************");
Serial.print("The Measured Distance in cm: ");
Serial.println(cm);

if( cm < 100 ){
    //while(true){
     Serial.println("Alert!!");
     //}

}
Serial.print("****************************");
}
//wait at least 1000ms before next measurement
Delay(1000);
}
```
Output:

1. If the distance is less than 100 cms, it alerts.

2. If the distance is more than 100 cms, it won't alert

3. Simulation and code execution

```
********************************
The Measured Distance in cm : 201.79
********************************
```

```
********************************
The Measured Distance in cm : 57.79
Alert it !!
********************************
```
